

# Mr. Mark's Trivia-Buster

## Directions

To solve the riddle, answer each of the true or false trivia questions. Different letters are given for true answers and others are given for false answers. If the answer is true, write the "true" letter of the question over the space with its matching number in the riddle. If the answer is false, write the "false" letter over the matching space. Answer the questions to crack the code.

## Trivia Questions (true or false)

5. A grizzly bear's bite is so powerful, it can chew a bowling ball – If true, write an "A" over the matching space, if false, write a "B"
